

BioBOOST[®] Plus

STORAGE AND HANDLING RECOMMENDATIONS:

- Do not store product in areas where freezing will occur, or where temperature will exceed 72° F/22° C.
- Store inoculant in a cool, dry place out of direct sunlight and wind.
- Use before expiration date stated on the package.
- Open package only when ready to use.
- Shake well before use.
- Apply measured amount of BioBoost[®] Plus to soybean seed.
- Plant inoculated seed immediately for best results.
- Do not mix with caustic fertilizers or pesticides.
- Standard protective clothing and equipment including gloves, safety goggles and respirator are recommended while handling the product. Do not wear contact lenses while handling the product.

APPLICATION RATE:

- 104 ml per 45.4 kg of Seed
- 3.5 fl oz per 100 lb of Seed

APPLICATION DIRECTIONS:

- Ensure seed treatment equipment has been properly calibrated.
- Shake well to achieve uniform suspension of the product. Bacterial settling is normal.
- Apply 3.5 fl. oz. (104 ml) of BioBoost[®] Plus per 100 lb (45.4 kg) of seed.
- Protect BioBoost[®] Plus inoculated seed from direct sunlight or hot drying winds.
- Plant inoculated seed immediately for best results.
- Over-application of BioBoost[®] Plus could cause lodging or bridging of the seed in planter box.
Gently stir seed before planting to permit airflow and to prevent seed clumping.
- Some seed treatments may be harmful to the inoculant.

Not recommended for use as a fertilizer substitute. For a list of compatible seed treatments, alternate application methods, or additional information, contact Brett Young at 1-800-665-5015 or visit www.brettyoung.ca

Treats 200 Units of Soybean Seed (10,000 lb/4,536 kg)
Net Weight: 10.9 kg (24.1 lb)

Net Contents: 1 x 10.4 L bag (352 oz)

(Treats 200 Units)

Lot #:

Use Before:

FOR ON SEED TREATMENT:

A contaminant free liquid growth promoter containing 2×10^9 viable Bradyrhizobium japonicum and 1×10^7 viable Delftia acidovorans per ml. BioBoost® Plus helps in greater nodulation and higher yields in soybean.

BioBoost® Plus uses patented technology and is a registered trademark of BrettYoung Seeds.
