

# Cornbelt® Gardian Plus®

## Multi-function Adjuvant

Cornbelt® Gardian Plus® is a convenient liquid product that contains drift and deposition agents, ammonium sulfate water conditioning agents and defoamer. Cornbelt® Gardian Plus® is designed for use with herbicides, such as glyphosate, that call for the use of ammonium sulfate and in applications where drift, deposition, and foaming are issues.

Always read and follow product labels prior to use.

### Application Directions

The use rate for Cornbelt® Gardian Plus® is 2.5 gallons per 100 gallons of spray solution.

2.5 gallons of Cornbelt® Gardian Plus® will provide 8.5 lbs per 100 gallons of ammonium sulfate as well as the necessary water conditioning agents, drift and deposition agents, and defoamer to maximize the efficacy and accuracy of the pesticide application.

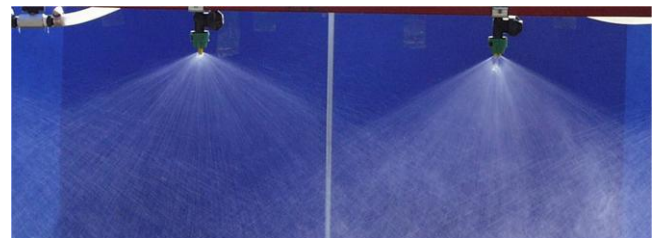

### Package Size

Cornbelt® Gardian Plus® is available in 2x2.5 gal and repack containers as well as bulk.
